

CHANGE IS HAPPENING. AND THE NUMBERS TELL THE STORY

Every day, across Greater Victoria, lives are changing. People are moving off the streets and into housing. Men and women are rebuilding their lives through long-term addiction recovery. Families are being reunited. People are finding employment, stability and a renewed sense of purpose.

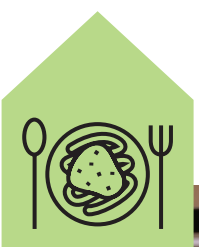

This doesn't happen by accident.

For years, Our Place Society has been intentionally building a Pathway of Support — connecting meals, outreach, shelter, housing, health care, recovery and employment opportunities. We recognized the gaps and worked to fill them, creating real opportunities for people to move from surviving to thriving.

The challenges facing our city are real. But so is the progress.

And while change may not seem immediately visible on our streets, it is happening every day, in lives and neighbourhoods across Greater Victoria.

These aren't just numbers. They're people. They're progress. And they're proof that change is possible.

HELP US MAKE MORE CHANGE POSSIBLE.

When you support Our Place, you help provide much more than meals, shelter and emergency care. You help create opportunities for people to find stability, enter recovery, reconnect with family and rebuild their independence.

Your generosity helps us fill the gaps that stand in the way of lasting change — from long-term addiction recovery and sober

housing to employment opportunities that help people build a stable future.

We've spent years building a Pathway of Support that's making a real difference across Greater Victoria. And with your help, we can do even more.

The progress is real. The need is still great. And you can help make someone's next step possible.

GIVE TODAY. Your gift doesn't just support a program. It helps change a life.
